

Ultra Bond Paper Back Webbing

HTL# HN129

Properties: Iron-on adhesive with paper backing

Application: For joining fabric layers e.g. for hemming, appliqués, handicrafts or repair work. Suitable for all fabrics, raffia, cardboard, wood and, at low temperatures, also for leather.

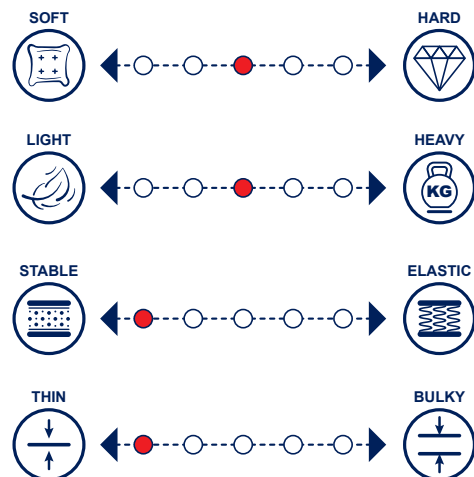

- Advantages:**
- Double-sided adhesive
 - Precise appliqués
 - No slippage when hemming with zigzag stitches
 - Wash up to 40°C

Technical Data

Specification:

Width	45cm
Length	30m / roll
Packing	8rolls / ctn
Gram	100g/m2
Material	100% Polyamide
Colour	White

Properties::

Instructions

1. Take a reversed tracing or drawing of your motif on the paper side of the Ultra Bond and cut it out roughly.
 2. Place the Ultra Bond with the rough side on the wrong side of the fabric and iron it on for about 5-10 seconds.
 3. Precisely cut out the motif and peel off the transfer paper.
 4. Then place it, coated side facing down, on the selected part of another fabric. Cover with a damp cloth and iron on section by section for about 10 seconds each time.
 5. Stitch along the edges of your appliqué with a zig-zag stitch; place embroidery backing underneath it, if necessary.
- N.B. Always test the product on a scrap of your project's fabric.

Wash & Care Instructions

5-10 seconds
